## Hydration Data Analysis

Based on your drinking amount and frequency recorded by the S2 APP, S2 will generate hydration analysis accordingly

## Multi-scenario Mode

You can create multiple temperature presets for different scenarios on the APP. The presets can then be used with just one click

## Find My S2

Click the magnifying glass icon on the APP to activate the search command. When S2 receives the search command from the APP, it will vibrate and the screen will display "Hi"

## Anti-combustion Protection

For safety, when S2 becomes empty, the system will turn on Anti-combustion Protection automatically. At the same time, S2 will vibrate and display "STOP"
